

CAR RIDER DISMISSAL PLAN

- Car Rider students will be dismissed from the gym door. This door is located on the side of the school building.
- Parents/Guardians will pick up their Car Rider students by forming a car line that runs beside the rec center parking lot and continues by the cafeteria and breezeway.
- Parents/Guardians will still be expected to pull all the way down the car rider line. Parents will still remain in their cars and their students will be brought to them by a teacher.
- We have two lanes in the Pick-Up Car Rider line. The inside lane (lane closest to the sidewalk) is for those picking up any students in Kindergarten, First grade, and Second grade. The outside lane (lane on the parking lot side) is for those picking up students in Third grade, Fourth grade, Fifth grade, and anyone with students in BOTH upper and lower grades.
- If parents/guardians would like to park and walk their kids to the car, you will need to park in the rec center parking lot, walk around the playground and stand under the breezeway holding/displaying their Car Rider Label.
- Parents/Guardians will not be allowed to stand by the exit door.
- Parents/Guardians MUST have their Car Rider Label in their windshield in order to pick up their student.
- If someone is picking up your student and they do not have their Car Rider Label, they will be asked to present ID. This means they must be on your approved pick up list.
